

The best Formula San Andrés

We benefit a total of 588 kids:

150 – Recreational area

328 – Educational area

110 – Sports area

Sports that are practiced: Basketball

The Project benefits the Sound Bay community, which is currently inhabited by native population of the island. Our program covers the Emanuel Bautista, Francisco Javier and Ruben Darío schools, all located in the surroundings of the sector.

The lack of opportunities and high unemployment indices that San Andres faces make illegal drug traffic an attractive option for teenagers and kids to satisfy their basic needs, leading them to abandon school at an early age and getting involved in drug dealing and delinquency.

How you can support us

Each of the corporate contribution programs with Formula Smiles is an excellent Social Responsibility option that will allow you to join other charitable forces in order to provide growth and sustainability for the Foundation's various projects.

With their contribution, companies strengthen their social interests, addressing them to fulfill specific needs of our more than 5,000 Colombian children.

When a company, according to its preferences, makes a contribution, the Formula Smiles Foundation turns it into a “SMILES PROMOTER,” entitled to:

- A copy of the Foundation’s Annual Report.
- A certificate of donation certificate for tax benefits.
- The inclusion of your logo in the Formula Smiles Website.
- Formula Smiles Team special recognition.
